

lived that long she'd probably  
"hang on a long time!"

Poor Marion has a hard time  
with her old people

To day I've mended quite a few  
articles & folded up dresses &c. I  
shall not be wearing preparatory  
to packing for Disquish -

There is nothing in the house in  
the way of groceries so I think  
I shall fill a hamper or box here  
for Smiths to take down with the  
other things before I go & then  
I would like to take bacon or ham  
with me.

It is just possible I may go be-  
fore A. H. is ready but I should  
stay long enough to see Jane.

Miss. Pillock is not improving &  
seems not interested in things

not suffering but scarcely ~~stagnant~~.  
Mrs. Addison told Aunt M. this  
week.

I took your picture to Eaton &  
they will frame & send it to you.  
If it is not what you want it will  
show the picture until you  
may see one you like.

Much love  
Mother.
